NATIONAL INSTITUTE OF PUBLIC HEALTH TRAINING & RESEARCH

## BACKGROUND OF INSTITUTE

National Institute of Public Health Training and Research (NIPHTR) was established in June 1957 under Union Ministry of Health and Family Welfare. It is one of the pioneering Central Training Institutes (C.T.I.) conducting in-service training for medical and paramedical personnel in important health issues to enhance their knowledge and skills for better delivery of health care services to attain Universal health Coverage and achieve Sustainable Development Goals (SDG'S).

## PROGRAMME OVERVIEW

The Skill based training courses are the training content developed for enhancing the specific skills of existing professionals or provide for a platform for imparting skills to candidates. As the directives of Ministry of Health & F W, NIPHTR Mumbai has decided to conduct one year skill based course for Sanitary Inspector.

Public health and Sanitation is an important matter of concern for the urban and rural areas of the countries. Sanitary health inspectors play a crucial role in the protection of public health and environment in various ways. Their demand is increasing with the changes in the public health scenario of India. Civic bodies in a state particularly depends on health and sanitary inspectors for dealing with various public issues which range from safe drinking water, safety of food and general sanitary and environmental conditions. Sanitary Health Inspector role will be crucial in implementation of SWACHHA BHARAT MISSION IN INDIA

Thus as per the directives of MOH&FW, A one year Diploma course for Sanitary Health Inspector started at NIPHTR, Mumbai under the skill development program for Health Care sector of MOH&FW ,Govt. Of INDIA Skills Development and Entrepreneurship.

## OBJECTIVE

The courses aims to impart technical knowledge supplemented by practical hands on training to candidates aspiring to join Health and Sanitation departments of Municipal Bodies, District Councils, Railways, Five-Star Hotels, Food and Drugs Administration, Airports or similar services in other organizations to deal with Health and Sanitation problems, including preventive health, family welfare, environmental conditions and public health related issues.
